

# Pocketful of Posies

## Chloe's Closet

Imagine it's 1950. There's a freshly-painted farmhouse with a wrap-around porch and lots of trees filling a big front yard. There's a red pick-up truck parked near the barn and chickens wandering under a clothesline blowing in the breeze. On that clothesline, there are quilts, aprons and dresses made from prints like those in Pocketful of Posies. Feed sack-inspired, and colored in clear, fresh colors, these floral prints still feel as new as they did then.
